

Llyn Brenig Reservoir

<https://llynbrenig.com/llyn-brenig-fishing/>

General Information

Llyn Brenig Reservoir is recognised as one of the best top-of-the water trout fisheries in the UK. With 14 miles (23km) of shoreline, it is one of the best places to go fishing in Conwy (possibly North Wales!) and is chosen for many international matches.

Fish are reared on site in the cold Llyn Brenig waters, enabling them to become fully acclimatised and earn their reputation as fierce fighters.

To accompany great fishing, there is a Lakeside Café and specialist Fishing Shop.

If you are new to fly fishing, you can also book a flyfishing taster session at the Visitor Centre.

Known Species

Llyn Brenig is stocked with 1000 fish each week. Mostly Rainbow Trout but Brown Trout are also stocked. Each year a Floy tag competition is held, with 300 tagged fish introduced over the course of the season. If you catch a tagged fish, you can enter the prize draw, first prize is £1000. Full details are available from the Visitor Centre.

Special Conditions

PAAS membership includes a limited number of bank fishing permits for Trout only on Tuesday Thursday Saturday and Sunday. Each member may visit 6 times per season and visits must be booked at least 7 days in advance. After booking, PAAS members must sign in at the Visitor Centre before fishing. Your PAAS membership card will be required. If you cannot make your booked visit, you must cancel your booking with the lodge in advance. Failure to do so will block your ability to book for 3 months.

All members must sign in to the PAAS diary before fishing commences.

Fishing is only by artificial fly, or dapped natural insect.

Excluding Brown Trout, which must be returned, 6 Fish over 12" (Measured from tip of the nose to the fork of the tail) may be retained. During the winter period (1st of November - February 28th) only 3 fish can be retained. When this limit has been reached, anglers may only continue to catch and release a further 12 fish and must use barbless hooks. No treble double or tandem hooks may be used at all.

Wading deeper than the thigh is prohibited. Anglers wade at their own risk.

Anglers must submit an accurate record of their catch after each visit and before leaving, including nil returns. Boxes for posting catch returns are provided at exits and on the jetty.

No fishing is permitted adjacent to dam, around the fish farm or the nature reserve (all marked off with yellow buoys). Fishing from any jetty is also prohibited. The front of the visitor center is prohibited for bank fishing. Other temporary restricted zones may be implemented for time to time. Bank anglers may not commence fishing in the line of a boat already fishing a drift.

Toilets are available on site.

Access and Parking

From the A55 North Wales Express Way leave at Junction 27a toward St. Asaph. Continue through Denbigh. At Lintern Pool roundabout, (Hand Inn), take the 2nd exit toward Pentrefoelas A543 for just over 8 miles. At Llyn Bran turn left onto B4501. After 3.7 miles the entrance to the Visitor Centre will be on your left. Follow the access road to the car park.

Note: Car Parking charges apply. To avoid being charged you must give your car registration number at the time of booking. Failure to do so could incur a fine or even having your car clamped.

Opening times.

08:00 – 17:00 from 18 March to 26 May

08:00 – 18:00 from 27 May to 17 September

08:00 – 17:00 from 18 September to 27 October

08:00 – 16:00 from 28 October to 26 November

CONTRAVENTION OF RULES Any angler committing an offence under the Salmon and Freshwater Fisheries Act 1975, the byelaws made under the Act, or contravening these terms and conditions may be liable to prosecution, or may, at the discretion of the Manager, be barred from fishing the reservoir or any other waters owned by the Company. Where such bans are made, no refund will be given. Please report any suspicious activities to a member of staff.

RESERVED POWER Dŵr Cymru Welsh Water reserves the right to close all or part of the reservoir to anglers at any time without giving prior notice to permit holders. Anglers should note that certain areas of the reservoir may be closed to fishing at times when other sporting events are in progress. The Manager's decision is final on all matters connected with the fishing and the interpretation of the rules and regulations.

The holder of this permit shall indemnify and keep indemnified Dŵr Cymru Welsh Water and its agents, employees and servants from all loss and liability whatsoever which Dŵr Cymru Welsh Water may suffer or incur and which arises from the holder of this permit's negligence, breach of contract or otherwise.
